

To whom it may concern ,

I have known David Adindu for many years. David is a hard working, extremely efficient, detail-oriented, and competent individual. He is a very hard working individual and has a huge passion for technology.

With any given task he often successfully finishes a task well before the deadline.

He is very organized. David also has excellent communication skills. His excellent communication skills (both written and verbal) allow him to connect with all kinds of people and to inspire them to put forth their best effort.

In summary, I highly recommend David for any position or endeavor that he may seek to pursue. He will be a valuable asset to any organization.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Joel Sajimon
