

To whom this may concern ,

David has worked for Infosys BPM in the Home Tech Department since October 11th 2021.

During the course of his employment, David has proved himself to be a dependable employee and a hard worker with solid problem solving and technical skills.

I have been impressed by David's ability to complete the work assigned to him on time.

David would be an asset to have on any team. He is a talented, hard-working employee.

I strongly recommend David for any internship position. And with the right guidance and training, I have no doubt David will excel.

Regards,

Jack Hennessy
